

Getting to the Center for Psychological Science (CPS):

From the Quad: walk toward Echlin Center and take a right to the Center for Communications and Engineering (formerly the Law School). Come in the entrance at the top of the walkway, closest to the pond. Once inside the doors, there are two ways to get to us—

- 1) Continue through the small lobby outside to the faculty parking lot. Walk to your right (toward the pond) and head down the stairs. You'll see our outer door, and then another door to our suite. The faculty offices are at the rear of the suite.
- 2) Take a left in the small lobby into the atrium area. The entrance to the School of Communication is to the right and just outside that is an elevator. Take it one flight down, follow the white, empty-looking hallway all the way down til you see a door with a handicapped access button. Go through that door and then through the next door to the suite for the Center for Psychological Science. The faculty offices are at the rear of the suite.
